

# **Letter of complaint!**

We have been looking at letters this week and I would like you to write a letter this week telling the newspaper telling them that you are unhappy about the new news that all children's television will be stopping.

Try to think about three ideas why you should keep children's television and these will form your three paragraphs.

Remember to then have an opening paragraph and a closing paragraph, so you will have five paragraphs in all.

Try to think of the best ways to open your paragraphs.

You can either write the letter or use the computer, but make sure you stick the finished letter into your literacy homework book.

Enjoy writing your letter and make sure you make it persuasive.
