

Ghost Ship!!!

A ship has been sighted off the coast drifting silently in the waters.

It is empty of all people and the sails are tattered and broken. Nothing moves on the ship and the only sound is the creaking of the wet, damp wood.

Draw a spider diagram for the a description of the ghost ship.

In the centre circle write ghost ship.

On the arms write sentences or ideas or words that you would use to describe the ship.

Have fun!
