

Poetry Corner

This week we have been looking at poems in the literacy lessons.

Together, as a class, we are going to create our own book of our favourite poems. If you don't have a favourite poem then now is your chance to get one!

For this homework, I would like you to choose a poem that you really like and copy this poem out onto the sheet of paper provided (you might want to use a computer for this).

We will put all these together to create our own book at school.

Enjoy reading your poems!
